

“The first day of the next stage of our journey towards Excellence.”

Our new Year 7s spent the first day exploring their new school.

“I got up extra early so that I would be on time.”

Year 7 are already **enthusiastic**, “It’s really good, better than my last school”, and they expect to reach their full **potential**.

They met their tutors, made **new friends** and started to become acquainted with the high **expectations** which will support their high **achievements**.

“I think I’ll do really well. I really like it.”

“At our Academy our pupils can fly; their attitude truly determines their altitude.”

Year 7 soon realised that it is all about **learning**. They learned about communicating, listening and enjoying.

It was a busy day but **rewarding** for all. Year 7 enjoyed their **first steps**; the staff enjoyed their **exuberance**.

And so to the end of the day, time to **reflect** with the **family**.

Tomorrow is another step on the journey towards **excellence**.
