Cricket Leadership Programme

Our talented pupil leaders took part in delivering a cricket coaching workshop to primary school pupils from Winterbourne Boys' Academy.

Our successful cricket team put our visitors through their paces, working on coordination, team work, communication and various techniques.

Last year, our team played competitive matches at the highly prestigious Lords and Oval cricket grounds. Their leadership and maturity was clear and evident as they did a wonderful job in delivering the workshop to their young peers.

The day concluded with a friendly indoor cricket match. A very well done to the team!
