Worshipful Company of Fuellers' Installation Ceremony

Platanos College was delighted that our Head Boys, Head Girls and members of our Army Cadets were invited to represent our school at the Fuellers' Installation Ceremony and Dinner.

We are proud of our partnership the Worshipful Company of Fuellers and equally as proud of our pupils who continue to be outstanding ambassadors to our school.

Our long-standing partnership with the Fuellers has helped establish a variety of provision for our pupils, such as our Cadet units, lectures and educational visits, and access to industry. We very much look forward to continuing the partnership with the Fuellers this academic year.
