Outstanding GCSE results 2016

Platanos College is celebrating the achievement of our pupils following the excellent GCSE results achieved by our pupils this year.

With the increasingly challenging exams and grade boundaries, our pupils continued to achieve some exceptional results overall to allow them to go on and pursue their ambitions.

Over two thirds of our pupils, **72%, achieved 5 or more A*-C GCSE grades** this year including English and maths.

The progress made by our pupils have always been outstanding in relation to the rest of the country. Platanos College has been recognised in the Mayor of London Gold Club and SSAT awards. This year was no exception.

The new, more rigorous **Progress 8 measure** introduced by the government this year to scrutinise pupils' progress across at least 8 subjects indicate that Platanos College pupils **achieve on average over half a grade higher in comparison to other pupils across the country.**

There have been some truly outstanding individual achievements within the year group this year.

A special commendation goes to some of our top performing pupils who achieved A*/A grades:
