

A HOLIDAY SPECTACULAR!

By Joanna Byrne

On Sunday 17th of December, Brixton in South West London played host to a Christmas Spectacular yet again this year! Excitement buzzed through young and old visitors as Father Christmas stopped to visit children from the area at Brixton Windmill. Volunteers at the windmill allowed me to experience the ever busy life of an elf as I helped children inside Santa's Grotto. As well as a visit from Saint Nick, three of his finest reindeer also payed a visit and lifted the spirits of the families who eagerly waited in line for the grotto.

I managed to speak to some of the visitors directly: Rosie (5), who came all the way from Croydon, said, "I got magic snow from Santa. I saw the reindeer and I really liked them a lot!". Rosie's mum also said, "My daughter really enjoyed our day out. I think there is a great family aspect here and I would bring her [Rosie] back again."

Ultimately, Brixton Windmill has yet again pulled of a magnificent, fun filled, family event for all!
