## *Rugby Taster Session at the Black Prince Trust*

On the 22nd November, Mr. Klassen took 14 year 9 students for a rugby taster session at the Black Prince Trust Hub. This was an opportunity for our students to receive coaching from the England Rugby Football Union development coaches. Despite having only previously played rugby in year 7, our boys were true ambassadors of the Platanos Trust; their behaviour and application to the various activities and drills was impeccable. They displayed exceptional playing confidence and progress over the two hour session, with a number of students realising an unknown knack for the game. The standout players on the day were Diogo, Fahad and Andave, to mention a few. We look forward to more rugby at Platanos in the future.
