'Show My Homework' online tool

The school has this term launched the Show My Homework recording system.

Show My Homework is an online tool to record and monitor pupils' homework. The school has introduced this online system this term in order to continue to maximise pupils' learning.

All homework set by teachers will be recorded on this website tool. However, this online system is not required to complete the actual homework.

This tool allows staff, pupils, parents and carers to see and keep track of all the homework that has been set for pupils on a regular basis.

Parents and carers will be able to access the online system on a computer, mobile phone app or tablet device and receive automated notifications before homework deadlines if they wish.

This allows parents/carers to gain an up-to-date insight of their children's homework so that they can better support the pupils.

Parents and carers can log in to the online system via the following link:

<https://www.showmyhomework.co.uk/>

Login details (linked to your child's homework calendar) were sent to all parents and carers. If parents/carers have any further questions regarding the new online tool, please contact the main office via email or telephone.
